ECA

Science Kit Services

READY-TO-TEACHTM

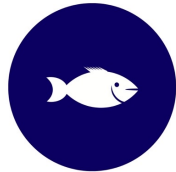

Our Services:

Full Kit Management Service

You dirty up your science kits and ECA cleans them up!

We unpack, inventory, clean and replenish materials. The district's science kits are kept in a like-new condition for district use!

Live Materials Service

ECA delivers and picks-up live materials. Yes, we PICK-UP live materials too!

Teachers no longer have to mess with mail-in coupons. ECA delivers live materials and for Full Service customers we pick-up the live materials too!

Open Source Fulfillment Service

Using an Open Education Resource?

Let us put our Ready-to-Teach touch on the materials! Kits from ECA arrive complete with all the materials you need, prepped and ready to use.

Custom Fulfillment Service

This service is available for school districts, publishers and organizations developing science kits.

We can help with custom needs, product sourcing, product testing, kit assembly and distribution.

ECA Service Options

		Full Service	Purchase Only Service	Live Only Service
24/7 Customer Support	Teachers can contact ECA 24/7 via phone or email. Service is our priority and your schedule is our schedule.	✓	✓	✓
Tip Sheets	Kits include Tip Sheets with information about added items, kit use, live materials care and helpful ideas about teaching various lessons.	✓	✓	✓
Quality Control	ECA has developed quality control systems to assure that kits are delivered error free.	✓	✓	✓
Kit Delivery and Pickup	Kits and live materials are delivered directly to each school in teacher's name on a pre-determined schedule approved by the district. ECA delivery and pickup is done with ECA drivers and trucks.	✓	Delivery Only	Delivery Only
Teacher Supplied Items Included	We think it's important for teachers to have all the materials they need for a lesson! ECA supplements kits with the necessary "teacher supplied" items.	✓	✓	
Prepped Materials	Let us do the work for you! Many items need to be cut, measured, counted, or assembled. ECA preps these items in advance for teachers. Kits arrive in our unique Ready-to-Teach™ configuration!	✓	✓	
Teacher Notices	Teachers receive various email communications from ECA such as Kit Order Confirmations, Live Material Schedules, Kit Pick-Up Reminders, Advance Instructions Notices and more.	✓		✓ Live Notices
Live Materials Delivery and Pickup	Teachers no longer have to mess with mail-in coupons. ECA delivers live materials on the district's pre-determined delivery schedule. Yes, it's true... we can also pick-up the live materials too!	✓		Pickup Optional
Kit Storage	ECA stores kits between uses in our warehouses.	✓		
Kit Refurbishment, Replenishment and Material Cleaning	You dirty up your science kits and ECA cleans them up! We unpack, inventory, clean replenish and prep materials. The district's science kits are kept in a like-new, Ready-to-Teach™ condition for district use year after year!	✓		
Broken and Worn Out Items Replaced	ECA replaces worn out and broken non-consumable items. This assures that your school district's kits are maintained in a like-new condition.	✓		
Customized Webpage	Teachers and administrators can logon on to a customized webpage to check delivery schedules and download important information about kits and live materials.	✓		
Accountability Notices	School district administrators are notified by ECA if a kit is returned unused or partially used. This allows curriculum administrators to have visibility on kit use in the district.	✓
